This was based on the tenderer's line of business and their capacity to supply. A summary of the physical evaluation report was as follows:-

Based on these results, the evaluation committee recommended the sample labeled GS2. This sample was submitted by Izmir Enterprises Ltd.

In its meeting held on 13th July, the Defence Tender Committee concurred with the recommendation of the Evaluation Committee and awarded the tender to Izmir Enterprises Ltd at its tender price of Kshs.689 per unit.

Letters of notification of award to the successful and unsuccessful bidders were written on 25th July, 2007.

THE APPEAL

This Appeal was lodged by Afrinet Commerce Ltd t/a e-sokoni on 7th August, 2007 against the decision of the Tender Committee of the Ministry of State for Defence dated 25th July, 2007 in the matter of tender No. MOD/423(054) 2007-2008 for Supply of Ground Sheet.

The Applicant was represented by Mr. Kennedy Nyaencha, Advocate, while the Procuring Entity was represented by Mr. Z. G. Odendi, Chief Procurement Officer. Izmir Enterprises Ltd, an Interested Candidate, was represented by Mr. Sahil M. Mughal, Managing Director.

The Applicant raised three grounds of appeal, which we deal with as follows:-

Ground One

This was a complaint that the Procuring Entity breached Section 57 of the Public Procurement & Disposal Act, 2005, Regulation 41(1) of the Public Procurement and Disposal Regulations, 2006 and Clause 2.14 of the Instructions to Tenderer by failing to consider the Applicant's bid bond.

This ground of appeal was abandoned by the Applicant during the hearing, and therefore we need not comment on it.

Ground Two

The Applicant submitted that the Procuring Entity did not consider the two samples of Ground Sheets that they had supplied to the Procuring Entity vide tender No. MOD/423 (082) 2006/2007 of the previous year.

They further submitted that in or about April, 2007 before the bids closed on 12th April, 2007, they made telephone calls to the Department of Defence and spoke to one Major Kamuyu on phone, who confirmed that it was not necessary for them to submit the samples since the Procuring Entity had the samples previously submitted under the year 2006/2007 tender. They further stated that they spoke on phone to major Mahaga who also confirmed that it was not necessary for them to submit the samples.

The telephone conversations were reduced into writing by the Applicant in a letter dated 10th April, 2007. However, it was addressed to Major Kamuyu and not to the correct addressee as required under ITT Clause 1.2.

In response, the Procuring Entity stated that the Applicant did not supply the sample during the submission of their tender. This was evident from the Register of Samples made by the Procuring Entity during submission of samples, and signed by all the tenderers who submitted their sample. The register had been submitted to the Board.

Having heard the submissions of the parties and scrutinized the tender documents before it, the Board finds as follows on this ground:-

- i) That the Applicant did not submit a Sample together with its bid. This was confirmed by the Director of the Applicant, Mr. Christopher Onuonga Oanda, in his statutory declaration under paragraph 8. This paragraph stated as follows:-

“Given the information so received the bid by my company did not include a sample”

- ii) That under Section V- Price Schedule of the tender document, the submission of samples to DHO Logistics on or before the closing date of the tender was a clear tender requirement.
- iii) That samples supplies under the previous tender cannot be used in a subsequent tender unless the Instruction to Tenderers expressly provided for it. This was not the case in this tender.

Taking into account the above, the Board finds that the Applicant was not responsive to the tender requirements by not submitting the samples.

Accordingly, this ground of appeal fails.

Ground Three

The Applicant argued that the Procuring Entity failed to avail to them an Evaluation Report Summary as requested in their letters dated 2nd and 6th of August, 2007. They stated that this was in breach of Section 66(5) of the Public Procurement and Disposal Act, 2005. During the hearing the Applicant substituted Section 66(2) with Section 44(2) & and 45(2) & (3).

In response, the Procuring Entity stated that they did not breach the Act. They submitted that what the Applicant requested for was the "Evaluation Report" and not a "Summary of the Evaluation Report" as required under the Act. The Evaluation Report was not for consumption of the Applicant as it contained detailed information on other tenderers.

The Board has considered the representations of the parties and the documents before it and noted that the Applicant requested for the Evaluation Report. According to the Act, the Applicant is not entitled to receive this report, but only a summary thereof.

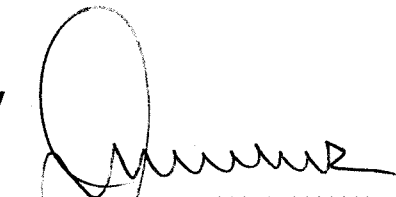

The Procuring Entity was therefore not in breach of the Act or Regulations.

Accordingly, this ground of appeal fails.

Taking into account all the above, the Appeal fails and is hereby dismissed. The procurement process may proceed.
